

Come together to reflect, learn, share, and take action to...

Protect - Heal - Preserve

Newe Segobia's (Nevada's)
EARTH, WIND, FIRE, WATER

Together with representatives of the United Methodist Board's
Peace with Justice Committee
(from Southern California and Hawaii) and other local Interfaith groups,
**we commemorate the 63rd Anniversary of
Hiroshima and Nagasaki Days (Aug. 6th & 9th, 1945)**
with a vigil, listening and acting to oppose all war and nuclear
weapons at the Nevada Test Site on the evening of
Friday, August 8th, 7 - 10 p.m.

You are further invited to a special Nevada Desert Experience on Friday prior to the prayer-action at the Nevada Test Site. This event takes place at Christ Church Episcopal in Las Vegas at the corner of Maryland Parkway and St. Louis Ave, from 9am to 4pm. Come get an in-depth awareness of the urgent issues affecting our Sacred Planet, especially the people of the Western Shoshone nation, all down-winders, and the people of Japan, who were so devastated by the first use of nuclear weapons and with whom we will have the privilege of listening and learning.

During the day at Christ Church, our speakers will focus on:

- The Earth Charter
- The proposed Yucca Mountain Repository: its present status
- The consequences for action in support of those most affected: the stewards of the land, the W. Shoshone and Piute peoples, and other down-winders
- The very future of this Sacred Planet
