Sunrise Ceremony honoring Corbin Harney

Vigil and Nonviolent Action
at the Nevada Test Site

Vigil and Nonviolent Action
at the Nevada Test Site

NDE invites people of all religious and spiritual traditions (or none) to gather near the gates of the Nevada Nuclear Test Site on August 9th. Surrounded by the beautiful desert land in the cool of the morning, we will join together on the 62nd anniversary of the nuclear bombing of Nagasaki for an end to nuclear weapons development and other war preparations. We will honor Corbin Harney, beloved Shoshone spiritual leader who passed on July 10th. We will vigil by the road to greet the test site workers and conclude with an optional nonviolent action of crossing the line onto the test site.
